

THE WISCONSIN HAMS BULLETIN: OFFICE  
OWEN,  
WISCONSIN  
MARCH 9, 1928

Dear OM:

You have by this time undoubtedly received a card soliciting subscriptions and membership in the DX Radio Club and the publication of the Club, THE WISCONSIN HAMS BULLETIN, the only ham newspaper in Wisconsin. We hope that this request has met with your favorable attention, and that we already have you as a booster. Believing this, we have another request to make to you, a request for your co-operation personally. This publication is strictly a non-money-making proposition, and because of this and the low price charged for subscriptions, it will be necessary for us to have the co-operation of a selected few leading Wisconsin amateurs in the matter of news. Of course we will have QRP's list of traffic totals and news every month, and a month earlier than QST, but we desire more detailed reports, and so we are giving to a group of 16 of whom we believe most competent and most willing to co-operate, as well as being geographically situated to best handle it, a list of counties giving the territory in which they are to secure all news and items of interest to all Wisconsin stations. You are the one selected in the list of counties enclosed and if you accept, it will be your job to secure this information from all stations in your territory. You will have a very material part then in making this paper the Leading Ham Publication in America. How about it?

There will be no monetary reward, we are sorry to state. We would be very glad to remunerate you for this information, but we are doing this work ourselves with no other reward than whatever benefits the amateur world will derive from it and the resultant satisfaction to us, so if you accept this duty you will be doing a good work for your fellow amateurs, one you would appreciate yourself, but you will not be paid. We want this understood because we're trying to get the highest degree of co-operation possible.

If the idea interests you and you are willing to do this, we would greatly appreciate a reply from you in return mail. In order to have further correspondence we will give the requirements now. Your rules are these: No report too long, no report too short--just get it in by the 20th of each month, beginning this month. That's all, OM, and we hope you have the time and desire to do it. Thanks.

THE WISCONSIN HAMS BULLETIN  
per C Ed Smith  
Editor and Manager.

Dear OM: Mr. Fred Catel, selected for you  
district agent that he is to bring to do this, and  
has recommended you. How about it? Please write me  
as soon as possible.

Clinton O. Hobart  
Asst Ed.

THE WISCONSIN HAMS BULLETIN, OFFICE  
OWEN, WISCONSIN
